- Group: The National Association for Fixed Annuities
- Subject: Last Call for Nominations for the Exclusive Bo Johnson Spirit Award for Lifetime Achievement

<http://nafa.com/bo-johnson-spirit-award-nomination-form/>

The Bo Johnson Spirit Award for Lifetime Achievement recognizes courage, spirit and determination that challenges the status quo, inspires others to achieve, contributes unselfishly to others, and works ethically and conscientiously to improve our industry and our marketplace.

Competitive candidates will be a member of NAFA, the National Association for Fixed Annuities, and have a credible and continuing record of supporting our industry and fixed annuities while achieving positive outcomes for professionals in the fixed annuity industry.

At NAFA, we believe it is important to recognize talented individuals with the industry. The 2012 Bo Johnson Spirit Award winner, Wendy Waugaman – the late President & CEO of American Equity Investment Life Holding Company – was the true embodiment of what it means to be a strategic visionary.

The recipient of the 2013 Bo Johnson Spirit Award will:

- Be featured in the November/December issue of NAFA Annuity Outlook magazine
- Be profiled online at NAFA.com and AnnuityOutlookMagazine.com
- Receive industry-wide recognition via a press release
- And more!

NAFA's Insurance Marketing Advisory Council's committee named the award in honor of Bo Johnson. Bo was well known for his energy, enthusiasm and love of the fixed annuity industry. He was a proud member of NAFA and served as a board member for several years and was the original chair of IMAC. His life was cut much too short when he died in 2009 after a courageous fight with cancer. He exhibited the attributes outlined in the award created in his name and left a very positive and lasting imprint on the annuity industry.
